INTEREST CENTERED IN
RAILS AT OPENING

New York, Oct. 22.—Interest continued to center in rails at the moderate opening of today's stock market. The more important issues of those groups gaining 1 to 2 points. Oils and motors were again the uncertain features. Mexican Petroleum soon losing 10 points. Baldwin Locomotive rose a point and United States Steel featured the popular industrialists at a large fractional gain which was not retained. Shipbuilding extended their advances before the end of the first half hour. Highest prices of the year were made later by shipping, Atlantic Gulf leading at a 6-point advance. Marines also extending their gains. Kindred utilities followed the rise of People's Gas, while Canadian Pacific and coals were the strongest and most active rails. The market was weaker during the middle of the afternoon under liquidation and selling by local spot people. Stop orders were uncovered on the break which carried December oil to 29.50c and January to 29.35c, or 41 to 49 points net lower. Additional gains in rails, especially secondary issues, and reactions in oils and motors were the main feature of the last hour. The close was strong.

BRITISH OF ONE MIND

Futility of German Efforts to Weaken People, Proved.

London, Oct. 22.—As proof of the futility of the German attempts to weaken the will of the British people by peace the Daily Telegraph publishes a series of messages from the mayors of more than fifty English and Welsh towns representing every phase of municipal life. They all breathe but one spirit, namely, that there must be no compromise with the foe.

The following are messages from a few of the principal cities: Birmingham—"Germany must be required to accept the terms imposed by the allies and stern justice must be meted out."

Bradford—"After what Germany has done there must be no compromise. It is absolutely essential that there should be British supremacy of the seas."

Cardiff—"Any compromise with Germany would be fatal. The German must be handed over."

Hull—"The allied troops should occupy Essen and March to Berlin."

Blackburn—"The Germans asked for the peace of the past four years."

Canterbury—"In no circumstances must we make peace until every man and woman in Germany who has been brutal to our prisoners has been punished and amply reparation given for all the damage."

Exeter—"Let Germany surrender at the bar of the world's justice and receive just sentence for her crimes and give guarantees for her future good conduct. The allies will be just but dare not be generous."

Hythe—"In this town 'No compromise' is nailed on our mast."

PRICE OF CORN HAS
DECIDED UPTURNS

Chicago, Oct. 22.—There were decided upturns in the price of corn. Most of the buying was confined to shorts. Opening quotations, which ranged from 1 1/4 to 3 3/4c higher, were well maintained, though with some reaction from top figures. The market closed strong, 3 1/4 to 3 3/4c net higher, with November 3 1/4 to 3 3/4c, December 3 1/4 to 3 3/4c, and January 3 1/4 to 3 3/4c. Oats rose with corn. Absence of export inquiry failed to act as a check. After opening 3 1/4 to 3 3/4c net higher, with November 3 1/4 to 3 3/4c, the market continued firm. Packers' buying gave strength to provisions. Demand was chiefly for ribs.

COTTON MARKET SHOWS
RALLY 15 TO 20 POINTS

New York, Oct. 22.—The German note resulted in selling in the cotton market at the opening today. There also was scattered southern selling and other pressure encouraged by the lower Liverpool cables and continued good weather in Texas. First prices were 5 to 30 points lower in consequence of which December sold off to 29c and January to 29.50c at the call. About the 30c level for December, however, there was renewed trade buying which helped to absorb the early offerings and the market turned steadier, with prices showing rallies of 15 to 20 points before the end of the first hour. Liverpool continues a seller late in the morning, but otherwise there was very little pressure against prices, and the market was steady by the close. For the southwest, December contracts sold up to 29.50c and January to 29.75c, making a rally of 25 to 30 points from the low level of the morning and recoveries to within 7 to 12 points of last night's closing figures.

NEW ORLEANS COTTON.

New Orleans, Oct. 22.—The German note was interpreted as a bid for the cotton market today and the opening was at a decline. In the first half hour of business prices fell 25 to 30 points.
